

MediKits

We provide medical supplies to the healthcare sector that make a difference

Evercare Medical develops products that make a positive difference in the European healthcare sector, providing a comprehensive offering within medical supplies to health care providers and patients. We aim to offer a best-in-class portfolio in terms of quality and sustainability, including the new brand Embra® with products that have a lighter environmental footprint, evercare®, and SELEFA®. With over 2,800 products in 33 different product groups, our mission is to support the healthcare sector to improve patient outcomes and reduce total cost of care, while working with our suppliers to ensure sustainable practices throughout the value chain. Our suppliers and manufacturers are carefully selected to ensure they share our view and meet our high requirements in terms of quality, the environment and social responsibility. All products undergo a comprehensive quality control process with extensive quality reviews, including regular inspections of production facilities and randomized audits. Evercare Medical operates two business units, Surgery, Wound & Hospital Care and Gloves & Protection, currently serving 19 countries across Europe. We are headquartered in Stockholm, Sweden and count 38 employees. Evercare Medical is a part of Asker Healthcare Group.

Evercare Medical – we care more.

Embra 
Caring for the future

Embra®, derived from the word “embrace” stands for a clear commitment to embrace both environmental and social sustainability. Embra® works consistently and continuously to give the world healthcare solutions that focus on lowering environmental impact, while delivering quality and performance for patients and caregivers.

Our mission is to develop responsible healthcare solutions focused on lowering the environmental impact while heightening quality for patients and caregivers. We always consider utilizing innovative processes and raw materials that enable us to reach our goals. We also hold each and every Embra® product to strong ethical codes, and to quality reviews throughout its entire value chain.

This is the Embra® way. It’s our way of caring for patients, caregivers and the future.

 **evercare**
Solutions for premium care

The evercare® brand is composed of a premium product range that delivers a comprehensive assortment of examination gloves, surgical gowns and drapes, and wound care, infusion and injection solutions. Offering premium value, more features, and high quality across the product portfolio, evercare® is driven by continuous development and innovation to treat patients with the best possible clinical solutions.

 **SELEFA**
Affordable solutions for care

The SELEFA® brand provides value for money through its wide range of affordable products, including examination gloves, paper and plastic consumables, non-woven products, bandages and gauze.
